TRANSPORTATION

➤ by plane:

there are lots of flying connections from most of European cities to Prague. Prices vary, see for example www.csa.cz, www.jet2.com, www.easyjet.com, For next journey from Prague see below.

➤ by train:

international net of Eurocity and Intercity trains can be useful for many of you. Some of these long distance trains go from Hamburg through Berlin and Dresden to **DĚČÍN**, which is very close to Tisá climbing area, and then further via Ústí nad Labem and Prague to Wien. And of course also in the opposite direction. Those, who come by plane to Prague, could even use any of these international trains to get to Děčín. Just be careful about the correct railway station in Prague, it can vary depending on the type of train!

➤ **by bus:**

there are even several straight bus connections from Prague to Děčín – they leave from Prague main bus station Florenc at 9:30, 10:45 and 17:45 in Saturday. But there are much more train connections to this destination.

➤ **by car:**

you can find your route with help of map servers of Czech republic – see hyperlinks above.

For transportation possibilities (bus even train) inside Czech republic see

➤ <http://jizdnirady.atlas.cz/ConnForm.asp?tt=X&cl=E5>

You can also travel from Prague to Ústí nad Labem or to Teplice v Čechách, the connection can be better, depending on daytime.

As far as you get to Děčín, Ústí nad Labem or Teplice v Čechách, we will pick you up with car, as the connection to Tisá is very bad. Official date of your arrival is on Saturday the 21th, but we will be there already on Friday 20th for every eventuality.

Our basecamp will be in a climbing hut in Tisá, owned by Lokomotiva Teplice climbing club. It is possible to stay inside the hut – there are 4 rooms with 18 beds altogether or in the attic room on mattresses. In any case you will need own sleeping bag. The other possibility is to stay in own tents in the hut yard. We can also book accommodation in a hotel, which is approximately 1 km from the hut, for those who want.

The prices are:

- bed in bedroom 3 E / person /night
- mattress in attic room 2 E / person /night
- own tent 2 E / person /night
- hotel room approx 12 E / person /night

MEAL

Breakfasts and dinners will be arranged in the hut for those who order. Vegetarian meals can be served as well. The price is 10 E /day.

There will be a closing dinner party on Saturday 28th for 20-25 E.

CLIMBING

Climbing material is quite hard sandstone. Prevalient climbing technique in this area is wall climbing with routes mostly up to one rope lenght long. Belay is provided with fixed rings and own slings. No nut and friend belay is allowed in this area. You will need rope, carabines, quickdraws, belay device (figure 8) and slings. For those, who are not experienced with sandstone materials or do not trust sling belay, handsome young guides will be at disposal for leading routes. There is one smaller area near to the hut and a bigger one with an extension behind German borders, distanced about 4 km from the hut and reachable easily with car. You can also practice on several sport routes in the valley of Labe river, distanced aprox 20 km.

PROLONGED STAY

It is also possible to prolong your climbing holiday in Czech republic. For the following week (29th July – 5th August) small climbing hut in another sandstone area – Hruboskalské skalní město - is booked. This hut is located in Bohemian Paradise, about 100 km eastwards from Tisá, price is 2E/person/night. But no meal and guide catering will be provided in this week :-).
