

RHM on Ice

29.1. - 1.2. 2009

Dear friends of RHM and icefalls,

This winter we will meet in the Southwest corner of Switzerland at the small village Fionnay in Val de Bagnes. If we are lucky, the road to Lac de Mauvoisin is open (often avalanches) and then there are much more routes in a beautiful quiet area. If not, we will move after 2-3 days to either Arolla or Zinal for more climbing. Let's hope it will be a nice cold winter this time with wonderful glittering ice. Please bring snowshoes and/or ski in case of deep snow.

In case of very bad conditions we will change the location short-dated, in order to make sure that we will have some good climbing days together. So ***please register*** with your complete address (phone number).

Accomodation

We will stay in the *Hôtel du Grand Combin* in Fionnay. It is possible to sleep in 2-bed rooms or in a bunk room.

The bedrooms are only available if there are no other reservations, the bunk room we have for sure. This way we are allowed to cancel the hotel very short-dated and to change to other places.

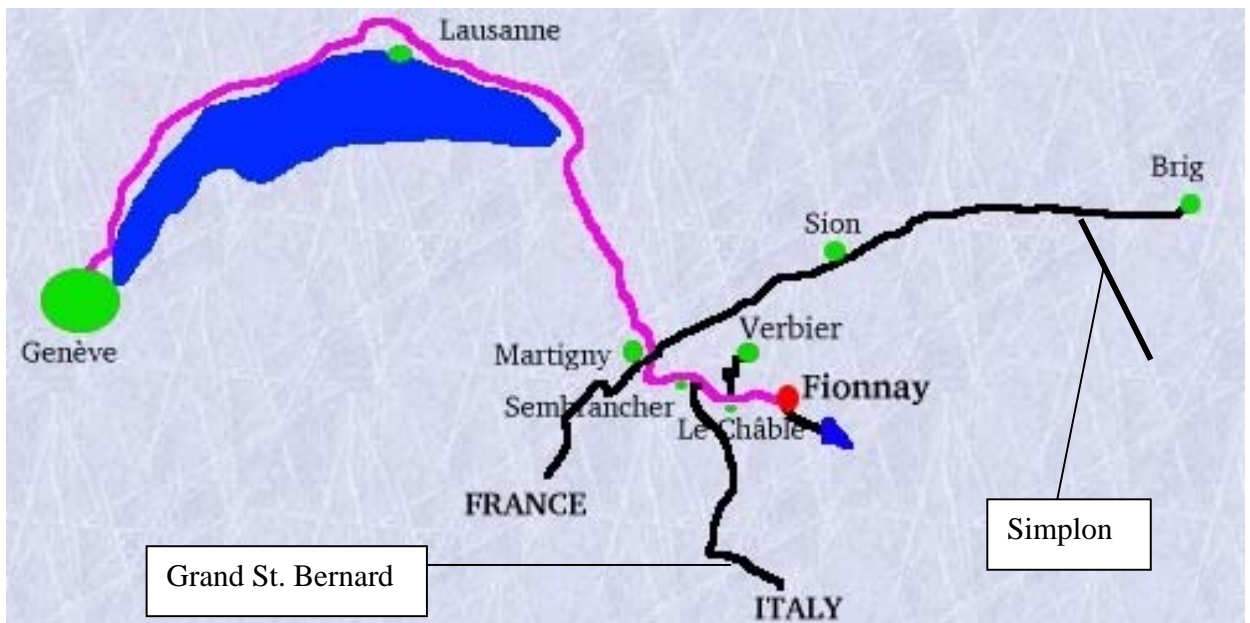

Prices are:

CHF 65.- for bunk room, CHF 95.- for 2 bed room (breakfast + dinner).

We are looking forward to meet you in Finnay,

Sina + Charlotte
